FOREVER HELD

Thank you, and start here

Soft Botanical memorial kit: program, welcome sign and share-a-memory card

Before you start

- Your kit has three fill-in files: the folded program, the welcome sign and the share-a-memory card.
- Download them, then open each one in the free Adobe Acrobat Reader app (iPhone, Android or computer). Most PDF apps work, but Adobe keeps the lettering exactly right.

Type your words

- Tap any wording on the design and type over it: the name, dates, order of service, life story and thank-you note are all editable. The sample text is there to show you what goes where.
- Leave a line empty if you don't need it, for example an order-of-service item.
- Adding a photo: on a computer, open the program or sign in Adobe Acrobat Reader and click the photo frame to choose a photo. If you'd rather not add one, the frame prints empty as a soft decorative shape.
- Save when you're done, then print the saved copy or send it to a print shop.

Print the program

- Paper: US Letter (8.5 x 11 in), landscape. A matte cardstock or 80-100 lb paper looks lovely.
- Print double-sided, flipping on the SHORT edge, at 100% / actual size. Fold in half to 5.5 x 8.5 in.
- Print one test copy first to check the folding and spelling.

Print the welcome sign

- Designed at 24 x 36 in. It also prints sharply at 16 x 24 or 12 x 18 in (same shape).
- Send your saved file to a print shop such as Staples, Office Depot, FedEx Office or Walgreens and ask for a poster or foam board at one of those sizes.

Print the memory cards

- Page 1 is a single 4.25 x 5.5 in card. Page 2 places four cards on one US Letter sheet: type the name once and it fills all four.
- Print page 2 on cardstock at 100%, then cut along the small grey marks.

Good to know

- For personal use for your own family's service. Please don't resell or share the files.
- Designed by me with the help of AI tools; previews show the real files you receive.
- Questions or something not working? Message us through the Forever Held store on Payhip and we'll help.
